

RIMROCK SALUTES THE TROOPS

Rimrock's Adopted Marine, Tim Whightsel, with Mom.

Rimrock is committed to supporting our employees and our community through various programs throughout the year. In October, 2007 Tim Whightsel, the son of our Accounting Assistant, was deployed to Iraq serving the U.S. Marines. To support our employee and her son, Rimrock joined the Adopt-A-Marine program in December 2007. The company took great pride in compiling a variety of items that Tim and his unit needed and missed including socks, lip balm, magazines, chocolates and most importantly personal letters expressing our gratitude for their service to our country.

We are pleased to announce that Tim made it back to Columbus, Ohio safe and sound on May 29, 2008. Rimrock employees were given the opportunity to meet the young man they had supported for the last seven months during a cook-out that was held in Tim's honor. Tim's mother was very appreciative and wants everyone to know how much her son enjoyed spending time with Rimrock.

When asked about the Adopt-A-Marine program Tim remarked "it reminded me and the unit that someone over here was thinking about us."
